

KALUSZ CAPTURED BY RUSSIANS IN ONWARD SWEEP TO GALACIAN CAPITAL

GERMAN HEADQUARTERS TOWN
ABANDONED BY TEUTON TROOPS
IN THEIR HEADLONG FLIGHT
WEST OF STANISLAU.

REINFORCEMENTS ARE RIVING

GERMANS FAIL TO FOLLOW UP
THEIR VICTORY IN FLANDERS.
ATTACKS ARE REPULSED BY
THE FRENCH AT VERDUN.

(International News Service.)
Petrograd, July 12.—Semi-official
announcement was made here to-
day of the capture of Kalusz in
Gallia. Austro-German head-
quarters were located there.

The capture of this important
town shows that the headlong
flight of the Teutons continues
west of Stanislaw. The Russian
cavalry is pursuing at top speed.
Kalusz is about 60 miles south of
Lemberg.

GERMAN REINFORCEMENTS ARE RUSHED TO LEMBERG.

(International News Service.)
Petrograd, July 12.—Alarmed by the
terrible blows by which the Russians
have been smashing the Austro-Ger-
man front in the Stanislaw-Halicz
sector, both Austro-Hungarian and Ger-
man reinforcements have been rush-
ed to the defense of Lemberg. The
Russians are now pushing their lines
around Brezany.

The capture of Kalusz was later
confirmed by the war office.

GERMANS FAIL TO FOLLOW UP VICTORY IN BELGIUM.

(International News Service.)
London, July 12.—Prince Rup-
precht's German army in Belgium did
not renew the battle of the dunes last
night, but its activities were extend-
ed south of Lombaertzyos, where a
raid was made against the British.
The raid was repulsed, the war office
announced today.

FRENCH REPULSE STRONG ATTACKS BY GERMANS.

(International News Service.)
Paris, July 12.—After a long and
violent bombardment, German troops
attacked the French positions on
both sides of the Meuse river, Verdun
front, but everywhere were repulsed.
There was heavy fighting around Hill
304 and Hardaumont.

FOOD CONTROL BILL STILL IN MUDGLE

PRESIDENT MAY BE ASKED TO STRAIGHTEN THE KINKS OUT.

(International News Service.)
Washington, July 12.—President
Wilson will be asked again to straight-
en out the tangle over the food and
liquor bill in the senate. This was
decided at the conference of leaders
today after it became apparent to
them that the bill cannot be passed in
its present form.

Senator Martin, the majority leader
of the senate, will confer with the
president to learn his views on de-
vising a way out of the mudgle.

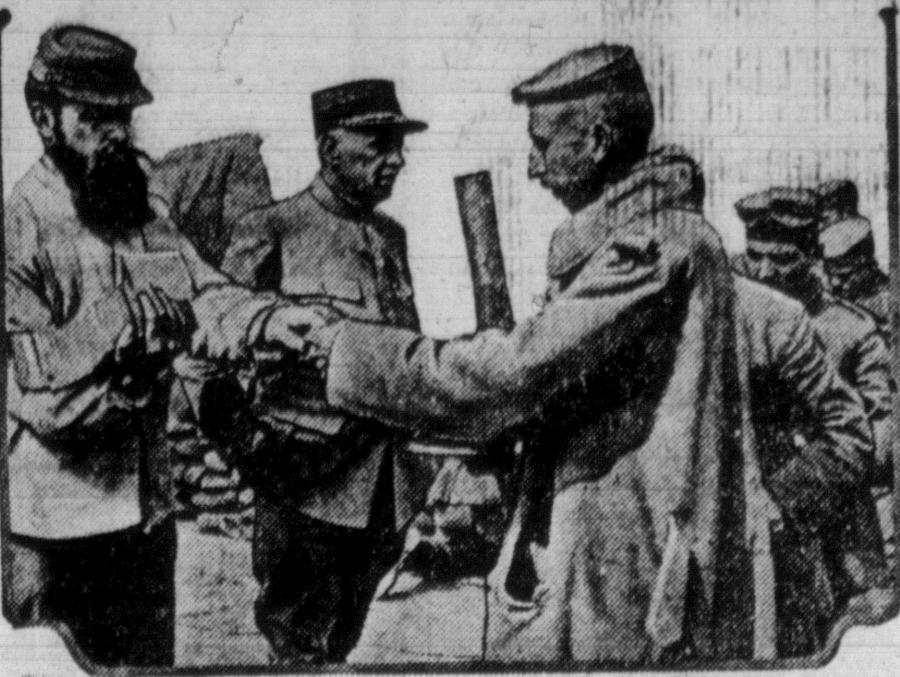

FINED FOR SPEEDING.

One more speeder was given a fine
this morning by the Albany mayor's
court. The police force and the may-
or are making special effort to pre-
vent all reckless driving and thereby
keep down the number of accidents.
The case of one speeder was postponed
until tomorrow.

ing French soldiers distributing post cards to the German prisoners so that
they may write home.

Tuscaloosa Had Inside Information on Location of Big Nitrate Plant

Interesting Statement to That Effect Published in the
Tuscaloosa News

That the report of the inter-depart-
mental board named by President
Wilson to locate the \$20,000,000 gov-
ernment nitrate plant was in the
hands of the nitrate committee of the
Tuscaloosa Board of Trade "for some
time past," despite the fact that com-
mercial organizations of North Ala-
bama still believed that no decision
had been reached and were putting up
money to get the claims of Muscle
Shoals properly presented, is the in-
teresting statement published in the
Tuscaloosa News. The statement ap-
pears on the front page of the paper
and is displayed in a two-column
box.

Here it is:
A WORD OF EXPLANATION.
In justice to the Tuscaloosa News
I desire to make this statement with
regard to the tentative report of the
inter-department nitrate board which
was submitted to the president yester-
day.
The text of the report has been in

KEY NUMBERS ONLY WILL BE DRAWN DECATUR RED CROSS NEEDLES FLY FAST

GREAT HUMAN GAMBLE WILL BE
SIMPLE MATTER, IS STATED.

(International News Service.)
Washington, July 12.—America's
great human gamble will be a com-
paratively simple matter. With pre-
parations for the drafting of the new
national armies covering a period of
months, the actual selection will con-
sume but a few minutes.

Provost Marshal General Crowder,
who will have actual charge of the
selection and drawing, is today work-
ing on a completion of the details of
the drawing. Present plans before
Secretary of War Baker call for the
actual drawing of but about 200 num-
bers. These numbers will be key
numbers and the men holding the
drawn number in each district will be
drawn for examination and given op-
portunity to present claims for ex-
emption.

The time for the drafting is still a
matter of conjecture today. However,
present indications point to Wednes-
day as the probable day.

John H. Skeggs is Commissioned Captain

Son of Judge Wm. E. Skeggs on En-
gineers' Reserve Corps.

John H. Skeggs, of Los Angeles,
Cal., in a letter to his father, Judge
Wm. E. Skeggs, of Albany, stated to-
day that he had been commissioned a
captain in the engineers' corps of the
United States army. Mr. Skeggs ex-
pects to be ordered to report at an
early date to San Francisco or to
Vancouver. He is one of the well-
known engineers of the Pacific coast,
and recently volunteered his services
to the government.

300 MARK PASSED IN "Y" CAMPAIGN

AVERAGE OF HUNDRED A DAY
HAS BEEN MAINTAINED SO
FAR.

At the close of business yesterday
the big thermometer registered 320
new members, the result of three
days' effort on the part of the Y. M.
C. A. membership committee. Thus
the Association is twenty names to
the good over the slogan, "One Hun-
dred a Day for Six Days." Two
divisions are at work—the city teams
and the shop teams—and they work
as separate units. Only two reports
were available from the city workers
yesterday. Major Bassett reported 12
members and W. E. Sivley 19. A. G.
Patterson was reported on the sick
list yesterday and what success he has
met with could not be learned. C.
McMillan and A. H. Hoff, other mem-
bers of the Albany city team, could
not be reached. Neither could T. M.
Dix and W. R. Spight of the Decatur
division.

When the work of all these men ap-
pears it is expected that the mercury
will mount rapidly.

Shop Teams Going Fast.

The shop teams are putting the
heat to the mercury bulb, and nearly
one hundred names were enrolled for
the "Y" among the L. & N. shop em-
ployees alone yesterday.

John K. Walsh, individual winner in
the second day's contest, came back
strong yesterday and again clinched
first place, leaving such rivals as
Bassham, Hames and Jack Coolidge
with nothing to say. "Uncle Jack"
also sent "Buck" Landers' hopes
glimmering in the all-comers' race for
the most members, Mr. Walsh having
written 31 members in the three
days, thus defeating Landers so far,
and all the balance.

But Bassham and Hames are only
one name behind him, and they are
able to come from behind and tie
the race with each other, as is their
custom.

Foreman Lee of the shops' painting
department, has just cause to be
proud of the patriotic showing his
men have made. Out of a possible 72
the painters have written their names
forty times as members of the "Y,"
and consequently their per cent stand-
ing is 54. These men say they will
today raise their percentage up to
60 at least. J. E. Howell, Mr. Lee's
able assistant on the lower yards, has
contributed nobly to this result. And
it must be kept in mind that Jack
Walsh is also on this winning team.

Below is the record of the shop
teams up to date:
Team No. 1—L. W. Lee, captain,
29; previous days, 47; total, 76.
Team No. 2—F. M. Schiller, cap-
tain—13; previous days, 37; total 50.
Team No. 3—B. D. Bassham, cap-
tain—16; previous days, 36; total, 52.
Team No. 4—Chas. Hucheson, cap-
tain—4; previous days, 33; total 37.
Team No. 5—Ott Hames, captain—
16; previous days, 47; total, 63.
*Mr. Hucheson was off sick yester-
day.

Big Crowds Greet the American Forces

(International News Service.)
American Headquarters in France,
July 12.—The American troops travel-
ed through France today from their
temporary camp to their permanent
base behind the front. It was a
triumphal procession. Crowds greet-
ed the troop trains at every station
with cheers, and everywhere the men
were presented with flowers and re-
freshments.

REGULARS WILL KEEP IDAHO GOOD

INDUSTRIAL WORKERS TO BE
SUPPRESSED BY STRONG ARM
OF MILITARY.

(International News Service.)
Bisbee, Ariz., July 12.—One
thousand five hundred armed citi-
zens rounded up 1,000 I. W. W.'s
and corralled them in the base-
ball park here today. All stores
and mines are closed and the town
is armed for any emergency. The
I. W. W.'s are being loaded into
box cars and will be shipped from
the city.

(International News Service.)

Washington, July 12.—United States
regulars are at the service of the gov-
ernor of Idaho to put an end to the
reign of terror in the northern part
of the state, engineered by the I. W.
W., it was stated at the war depart-
ment today.

Reports to the war department show
that the activities of the I. W. W. are
spreading rapidly in the far west, and
that at some points industry is paral-
yzed. The labor population in parts
of Idaho, Montana, Washington, Ariz-
ona and Oregon is pictured as terri-
fied by the agents of the organization.

GERMAN CABINET HAS BLOWN UP; HOLWEGG QUILTS?

Vice Chancellor and Foreign Secretary Both
Are Forced to Resign.

THE COMMON PEOPLE TRIUMPH

Political Revolution Brought About by Socialists
and Working Classes

(International News Service.)

Amsterdam, July 12.—It was reported here today that Dr. Von Beth-
mann-Holwegg, the Imperial German chancellor, has handed his resigna-
tion to the Kaiser.

The same report added that Emperor William had not yet formally
accepted it. Bitter attacks have been made upon the chancellor for some
time by the liberal element, and his resignation was demanded last Sat-
urday by the clerical deputy, Dr. Erzberger, at a meeting of the main
committee of the Reichstag.

The original report of Dr. Von Bethmann-Holwegg's resignation was
printed in the Vossische Zeitung in Berlin.

HELFFERICH AND ZIMMERMANN ARE FORCED TO RESIGN.

(International News Service.)

Amsterdam, July 12.—The German
cabinet has undergone its first shake
up since the war began. It was re-
ported today that the retirement of
Vice Chancellor Helfferich and For-
eign Secretary Zimmermann from the
government has been officially gazet-
ted in Berlin. Both men were of the
strongest Prussian type and were
criticized by socialists and clericals
for their unrelenting efforts to main-
tain the dominance of Prussia over
the other German states.

Advices from Berlin today said that
the Kaiser and the Crown Prince
were conferring with the highest
statesmen as to the successors of
Drs. Helfferich and Zimmermann. An
imperial minister of labor is to be
added to the German government to
appease the working classes. He will
be a socialist.

The shake up extends to the Prus-
sian cabinet as well as to the im-
perial cabinet. Five Prussian ministers
have resigned and they will be re-
placed by leaders closer to the peo-
ple.

Electoral reforms for Prussia also
are on the slate.

The political storm has not yet
passed over, nor has the possibility
of the retirement of the chancellor
gone by entirely.

freshments.

Anti-Draft Meet at Dothan July 15

(International News Service.)
Montgomery, July 12.—An anon-
ymous communication has been re-
ceived by military officers here in-
viting them to attend an anti-con-
scription meeting in Dothan on July

the conscription act is unconstitutional
will be shown clearly at this
meeting." The communication was
signed "Liberty." It was turned over
to the federal officials.

PAINT SHOPS STRUCK BY LIGHTNING THIS AFTERNOON

Lightning this afternoon during the
thunder shower hit the paint shop at
the L. & N. shops and then jumped
from there to the oil house. No one
was injured. Some trash that had
been stored in the oil house only
yesterday got on fire from the light-
ning and if men had not been on
the job hundreds of gallons of oil
would have caught on fire. Several
men were in the paint shop, but re-
ceived only slight shocks. The top
of the building was torn up consid-
erably.
Dr. H. R. Thompson, secretary of
the Y. M. C. A., had a paper knock-
ed from his hands when the shock
came. He was at the shops battling
for new members for the Y. M. C. A.

BLACK WARRIOR SITE ELIMINATED IS ONE REPORT; SHOALS MAY WIN

NASHVILLE PAPER PRINTS SPEC-
IAL SAYING THAT TUSCALOOSA
SITE HAS BEEN PUT OUT OF
RUNNING IN SOME MYSTERIOUS
WAY.

ANNOUNCEMENT IS EXPECTED

PROSPECT THAT EMERGENCY
PLANT MAY BE LOCATED AT
WHEELING, W. VA., SAYS WASH-
INGTON STORY.

UNDERWOOD OPTIMISTIC.

The following telegram was re-
ceived here last night by Capt.
Samuel Blackwell:
Washington, July 11, 1917.
Hon. Samuel Blackwell,
Albany, Ala.

Nitrate board is not in favor of
locating nitrate development on
Black Warrior river. If a power
project is adopted by the board I
believe they will develop Muscle
Shoals.
O. W. UNDERWOOD.

MAY MUSTER OUT DEFENSE COUNCIL

PENDING BILL WOULD PROHIBIT
MEMBERS SELLING TO THEM-
SELVES.

(International News Service.)

Washington, July 12.—"Selling
with the left hand and buying
with the right must stop." With
these words, Senator Hardwick of
Georgia, launched a vigorous at-
tack on the National Defense
Council in the senate this after-
noon. He pleaded for a retention
of the agriculture amendment to
the food control bill forbidding
members of the National Defense
Council from purchasing supplies
for the government from concerns
in which they are financially in-
terested.

(International News Service.)
Washington, July 12.—The existence
of the National Defense Council and
all its advisory committees is at
stake.

Its fate probably will be decided by
the senate today. If the senate agrees
to the agriculture amendment to the
food bill forbidding voluntary agents
of the government from buying sup-
plies for the government from con-
cerns in which they are interested,
it is the belief of administration lead-
ers, the National Defense Council will
have to disband. The council and its
advisory committee is made up of big
business men, who have volunteered
their services to aid the government
in obtaining supplies.

While no official announcement was
forthcoming today, Secretary Baker
stated to several senators and con-
gressmen that certain objections had
been presented respecting Black War-
rior which have eliminated that site
from further consideration, and nat-
urally Muscle Shoals, being the next
on the list, is admittedly the site for
the big plant.

Emergency Plant.

There is a prospect that an emer-
gency plant will be located at Wheel-
ing, W. Va., and this will probably
be the first announcement given out.
However, there is going to be a de-
termined fight made to eliminate the
so-called emergency plant in West
Virginia and spend the entire appro-
priation at Muscle Shoals. It is
pointed out that West Virginia was
given the armor plate plant location,
and has no advantage over Muscle
Shoals for the location.

The preliminary work looking to the
establishment of a government plant
for the manufacture of nitrates for
explosives by the fixation of atmos-
pheric nitrogen has been under way
for several months. The board that
inspected the various proposed sites
made a confidential report to the se-
cretary of war some time ago, and its
contents have not been hitherto di-
vulged. Other organizations which
co-operated with the government in
selecting a desirable site were the
National Academy of Science, National
Research council and American
Chemical Society on Processes. All
of the facts submitted were finally
referred to a committee composed of
the secretaries of war, navy, interior
and agriculture and representatives
of the several societies and other or-
ganizations that have participated in
one way or another in the matter, and
a report from this committee, making
a final recommendation as to the pro-
cesses to be employed and the place
where the plant should be established
is now before the president.

The project will soon have reached
a stage where work may start on con-
(Continued on Page Three.)

MUSCLE SHOALS SITE STILL HAS A CHANCE.

Press dispatches from Washington to the effect that the Black Warrior site has been eliminated in the competition for the \$20,000,000 government nitrate plant, and a telegram from Senator Underwood to Capt. Samuel Blackwell, have brought new hope to the advocates of the Muscle Shoals location. It is apparent that some error has been made, or that the report of the inter-departmental board has been misunderstood.

It is hard to understand, if a water power plant is to be located, just why it should go to the Black Warrior river, which even by a stretch of courtesy cannot be classified as anything more than a creek. It is harder still to understand why, if a steam plant is to be utilized, that the inter-departmental board spent its time visiting 270 available water power sites. Again, if steam is to be used, why should not there be an investigation of the availability of steam sites? Why should a steam plant be located at a water power site?

Strange as it may seem, if the Black Warrior site has been selected, it was upon the recommendation of one government engineer. This individual, evidently a dreamer of dreams and a stickler for mathematical inference, built his plans around a series of dams far up the forks of the Warrior that would accumulate a certain amount of water that would be stungly dealt out to turn the wheels of the plant below. He was undoubtedly an optimist, trusting to the rains to fall with the greatest regularity, in order that a few drops deficit might not tie the hands of the industry that was to supply the nation with powder in the event that the nitrate supply of Chile should be cut off by a hostile fleet. His reports were accepted, at face value by the Birmingham Ledger and by a few citizens of Tuscaloosa who hoped in that way to get the name of their city into the date lines. On the other hand, some of the most distinguished and trustworthy engineers in the government service, their investigations extending over a period of many years, stood sponsor for the statement that Muscle Shoals was the greatest water power site in America, with the exception of Niagara Falls.

It is almost impossible to believe that the inter-departmental board has recommended the Black Warrior site. In fact, the public will positively refuse to admit that such a recommendation has been made until fuller reports come out of Washington. Merit must win, and if it does, there is no doubt but that Muscle Shoals will triumph.

If Germany really intends to fire Foreign Secretary Zimmermann, it may be taken for granted that the Mexican question is considered settled.

They may call Uncle Sam's soldiers "Sammies," but no one has yet dared call the Russian bears "teddies."

"Back of the front" is the rather uncertain location of the American army in France.

Germany will be forced to accept peace sooner or later. Just now it's a question of the price.

It's never too late to join the "Y." Do it today.

Kermit Roosevelt has accepted a commission with the British army fighting the Turks and has been allowed to resign from the officers' training school at Plattsburg. Most good Americans would prefer to be a private in the regular army than commander-in-chief of some other nation's forces.

For Muscle Shoals to come second in a list of 270 available nitrate plant sites is almost as consoling as for a real automobile to be distanced only by a "flivver."

"Sahara has nothing on Tuscaloosa," says the Tuscaloosa News. Few of us would care to have something on Sahara.

Liberia, the negro republic, has severed relations with Germany. That's drawing the color line pretty fine.

Hetty Green's son has declined 9,000 proposals and finally wedded an old maid. These millionaires always were strong for gold bricks.

Let the little creeks get cheery. Every one of them is the possible site of a nitrate plant.

At any rate, Nat Goodwin could never pick a quarrel with the Turks.

Salvation Army is in Need of a Hall

The Salvation Army is in need of a hall, rent free, in either Decatur or Albany. Announcement to this effect was made this morning by Captain Shackleford, who requested the Daily to make the fact known. Any person who is willing to donate a hall for the use of the Salvation Army should communicate with Capt. Shackleford at once.

Steel Makers and Government Agree

(International News Service.) Washington, July 12.—Steel manufacturers have agreed to operate their plants for the benefit of the government until a satisfactory price for their products can be arranged, it was learned today.

This foreshadows the end of the long controversy between steel interests and various government departments.

Virgil Bell Gets Commission in Army

Virgil Bell, formerly a member of the staff of the Daily and previous to that for some time in the employ of the Southern Express Company, has been commissioned a second lieutenant in the regular army, according to advices received here today. Mr. Bell enlisted with the Texas National Guard at the outbreak of the Mexican unpleasantness, and recently attended the officers' training school, successfully passing the final examination. He has many friends here who will be pleased to learn of his promotion.

Baptist Young People Will Picnic Tonight

The Baptist Young People's Union of Albany and Decatur will picnic tonight at Russell Springs, from 7 to 10 o'clock. All members are invited. Transportation will be furnished in cars.

AMERICAN ARMY TO RETAIN INDEPENDENCE.

(International News Service.) Paris, July 12.—Writing in the Herald today, General Berthaut, one of the best informed military critics in France, said the American government will have its own line of communications with its army on the western front.

"The American forces constitute an independent army, having its own commander-in-chief and general staff," he said.

The Grouches.

Two men sat glaring and glowering at each other in a provincial Y. M. C. A.

"Who are the two grouches?" a salesman asked.

"One is our hotel proprietor," a native answered, "and the other is the editor of the local paper."

"What's got their goat?"

"Well," said the native, "it seems that at our school treat last evening the magician asked for the loan of a handkerchief, and somebody handed him up a big square of muslin."

"The magician unfolded the square and said:

"Thank goodness there's at least one clean sheet in this town."

And ever since then the editor has insisted that the magician was alluding to the hotel bedclothes, and the hotel man has insisted that it was the editor's paper was being knocked—

Washington Star.

State Press Views

A good resolution by the (ited Lodge (Wyo.) Journal: "We shall continue to publish the news without abatement, improving and perfecting our service at every opportunity, but we draw the line on free advertising or anything which appears to be free advertising." If all editors would do likewise there would be fewer C. O. D. shipments received at the newspaper offices.

DAILY FAILS AT ROME, GA.

Newspaper funerals have become annual affairs at Rome, Ga., the latest victim being the Daily Chronicle, which suspended publication last week, just about a year after the "last sad rites" were said over the remains of the Evening News, with the result that the Tribune-Herald becomes the only daily of that enterprising little city.

It is no reflection on Rome that the attempt to establish new papers there have failed, for the failures are due to changing conditions with reference to the newspaper business. The public today demands more efficiency from the newspapers that serve it than ever before, and only papers that have attained a high point of efficiency can fill the demand.

Character is the chief asset of any newspaper. It is the intangible something that makes for circulation, a reliable, continuing circulation based on confidence, and this is acquired only by age. Hence, it requires a big outlay of money for a paper to build up a circulation that will bring certain results to advertisers, on whom the publisher primarily depends for his financial income; and, as the Tribune-Herald explains, the costs of newspaper publishing have advanced so enormously in recent years that there are few persons or corporations willing to stand the initial losses incident to establishing a reputable newspaper organization.

In view of these facts, Rome is naturally a one-paper town, and The Star feels certain that the majority of the people of that city, who have confidence in the integrity of its management, will continue to follow the old Tribune-Herald, as they have done for years. In fact, all over the country there is a tendency toward consolidation of newspaper properties, and nowhere is it more noticeable than in the South. The result is that local differences are being wiped out in southern cities; a community spirit is being aroused and our people are achieving greater things through teamwork. At least, this is true where newspapers have measured up to their responsibilities and proved themselves worthy of leadership, as has been the condition at Rome.

Men no longer will follow a newspaper that is born to punish an enemy or to represent a faction. Personalities in the narrow sense, must also be eliminated, and "Service" must be made the motto if a newspaper would meet the acid test of public approval in this trying time—Aniston Star.

"How can you locate a grafter," do you ask? One way is by his gall and cheek, his thirst for publicity and free advertisement, and his habit of firing circulars at you, with his own name appended at the state's expense, in season and out of season. If his own exertions in that direction, backed by the state's finances will keep the grafter in the limelight, he is there, ready to appropriate the goods.—Talladega Daily Home.

Here's the way to tell the men's and women's latest style bathing suits apart: If a woman is wearing it, it's hers, but if a man is wearing it, it may be his wife's.—Dothan Eagle.

The faster the negro leaves the South for the North, the faster does he learn whom his real friends are. The East St. Louis riots, in which numbers of negroes were killed, beaten and their homes burned, should prove useful material for the negro leaders who sincerely desire the betterment of their race. Inform them of the real situation and encourage their staying where they know their real friends are—in the South.—Sylacauga News.

VOICE FROM THE DEPTHS.

(Louisville Courier-Journal.) All the way from North Dakota comes this affecting wall from an esteemed contemporary:

"It is reported that one of Harvey, North Dakota's fastidious newly married ladies kneads bread with her gloves on. This incident may be somewhat peculiar, but there are others. The editor of this paper needs bread with his shoes on; he needs bread with his shirt on; he needs bread with his pants on; and unless some of the delinquent subscribers of this old 'Bag of Freedom' pay up before long, he will need bread without a d— thing on."

Reprints or professional cards, printed or engraved, The Daily,

Just In Passing

TO DO GUARD DUTY.
"The Albany Home Guard, after its uniforms and rifles arrive, will be given exercises in guard duty," said Adjutant Robert Sheppard. "For instance, one hour each drill night one block will be placed under guard, and the sentries will be required to accept all passersby and ask them to give an account of themselves. This will be merely for practice only, of course, and no attempt will be made to stop anyone."

MANUFACTURING WEEVIL TRAPS

"We are now manufacturing some 2,000 boll weevil traps," said Henry Davis, of the Decatur Cornice & Roofing Company. "The part of the device that is being made here consists of a tin trough, and I understand that two of these are attached to a wheeled implement that straddles a row. Chafin knock the weevils off the plants and into the troughs, which are partially filled with an oil deadly to the weevil. The boll weevil, like the potato bug, sulks when disturbed, and rolls itself into a ball and tumbles off the cotton plant when struck. The catches being made here are for use in Mississippi."

Conditions through Morgan are good, according to Mr. Wiggins, with the livestock industry experiencing a great boom.—Montgomery Advertiser.

WOBBLY NERVES NEED ASSISTANCE

When you are nervous, irritable, easily fatigued, HEMO is a concentrated food from which you may derive the greatest amount of nutrition with the least effort of digestion. Assists digestion, relieves constipation. A food drink for meal time, between meals and upon retiring.

HEMO gives you just the right nourishment, which can be taken into your body to increase your weight, create vitality and make you plump, rosy and healthy.

HEMO makes a delicious drink merely by adding water.

We suggest that you try a 50c package with our guarantee of satisfaction.

Thompson Drug Store, Albany, and Owl Drug Co., Decatur.

THE OWL TONIC
Acts better than colomel or pills and does not gripe. Especially beneficial for colds, chills, fever, malaria, and lagrippe. Five or six doses will positively stop any case of chills and if then taken as a tonic the fever will not return. Excellent as a tonic for that tired, aching feeling caused from malarial colds and lagrippe—troubles so common among people. Sold on its merits under a money-back guarantee by all dealers.
Manufactured by OWL DRUG COMPANY, Decatur

How to Can Tomatoes

(International News Service.) Washington, July 12.—Select firm, well-formed tomatoes. Scald 1½ minutes or until skins loosen. Dip quickly into and out of cold water. Peel and remove stems and cores. Pack directly into cans or hot jars. Press down with a tablespoon. (Add no water.) Add a level teaspoonful of salt per quart. Put the rubber rings and caps of jars into position, but do not tighten fully. Seal tin cans completely. Place the packed containers on a false bottom in a vessel of water sufficiently deep to cover them by one inch and allow to remain at a boiling temperature for 22 minutes when using hot water bath canner.

CARD OF THANKS.

We wish to thank the friends and playmates of our beloved little son, Harry, whose death occurred Saturday evening, for the many kind expressions of sympathy and lovely flowers sent at his death.

Mr. and Mrs. H. E. Sunderland, Miss Mabel Huff.

FROM GIRLHOOD TO OLD AGE WOMEN ARE HELPED

At the first symptoms of any derangement of the feminine organism at any period of life the one safe, really helpful remedy is Dr. Pierce's Favorite Prescription.

Tens of thousands of women have taken it with unflinching success for every conceivable ailment and disease of a womanly nature. It is a woman's temperance medicine and its ingredients are published on wrapper.

Dr. Pierce's Favorite Prescription is a true friend to women in times of trial and at times of pain when the organs are not performing their functions. For headache, backache, hot flashes, catarrhal condition, bearing down sensation, mental depression, dizziness, fainting spells, lassitude and exhaustion, women should never fail to take this tried and true women's medicine.

Prepared from nature's roots and herbs, it contains no alcohol nor narcotics, nor any harmful ingredient. Medicine dealers everywhere have it on hand in both tablet and liquid form at all times. If you want a specialist in women's diseases to diagnose your case absolutely free of charge, write Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., to-day. 136-page book on women's diseases sent free.—Adv.

Dr. Pierce's Pleasant Pellets are the original little Liver Pills. These tiny, sugar-coated, anti-bilious granules—the smallest and the easiest to take. One little Pellet for a laxative—three for a cathartic. Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the liver, stomach and bowels are prevented and relieved.

Put up in sealed vials—a perfect vest-pocket remedy, always convenient, fresh, and reliable.

Pains, Dizzy Spells

Mrs. G. P. Cartwright, of Whitwell, Tenn., writes: "I suffered with bearing-down pains. . . The dizzy spells got so bad that when I would start to walk, I would just pretty nearly fall. Was very much run-down. I told my husband I thought Cardui would help me. . . He got me a bottle. . . It helped me so much that he got me another bottle. I got a whole lot better. The dizzy spells and the bearing-down pains . . . left me entirely." "If you are weak and run-down, or suffer from womanly pains,

TAKE

CARDUI

The Woman's Tonic

You can feel safe in giving Cardui a thorough trial. It is composed of mild, vegetable, medicinal ingredients, recognized by standard medical books for many years, as being of great value in the troubles from which only women suffer. The enthusiastic praise of the thousands of women who have been helped by Cardui in its past 40 years of successful use should assure you of its genuine merit, and convince you that it would be worth your while to try this medicine for your troubles. All druggists sell it.

struction of the buildings and the establishment of other facilities. There is a report in circulation that there will be seven plants, but this is not credited.

LITTLE REPORT ON NITRATE PLANT ORDERED HELD UP

Bankhead and Underwood Question II and Ask for More Investigation.

(By Jesse S. Cottrell.)

Washington, July 12.—Doubting the claims made in a favorable report by Major George Little on a nitrate plant for the Warrior river near Lock 17 to the inter-departmental board, Senators Bankhead and Underwood have asked the war department to hold the report up until the contents therein can be thoroughly investigated. This has been done.

This report has caused much interest and surprise in congressional circles, and especially among those who have been backing the Muscle Shoals site on the Tennessee river as the proper place for a nitrate plant. The report of Major George Little recommends as a solution of the nitrate plant problem the erection of fourteen power stations on the Warrior river that will generate power in the volume of 2,000 horse power and upward, and recommends that a nitrate plant be built near the forks of the river, near Lock 17. The report says that there is not primary power on the river sufficient to operate a plant, but that what is needed aside from the power to be found can be easily generated and can come from storage dams on the upper reaches of the river.

The report recommends two dams, each to be 100 feet high, for storage purposes on each fork of the river. The report says that perhaps 40 miles of spur railroad track would have to be built, but no statement is set out as to the cost of construction, etc. The report also recommends a general improvement of the Warrior river with one lock at Tuscaloosa 35 feet high, near the railroad bridge. The report says nothing about how long it would require to make the improvements, or how long navigation would be closed. The report devotes much space to a proposed steam plant system as auxiliary-aides in generating the power, and recommends a general transmission system on the upper Warrior with a nitrate plant near Lock 17.

Senators Bankhead and Underwood both express themselves earnestly in favor of the Warrior river as the site for the nitrate plant, if it is possible to get the power to manufacture nitrates and fertilizer. Neither of them believes there is sufficient power on the Warrior river for a nitrate plant. It is stated, and they get the information upon which to base this belief upon reports of distinguished engineers who have investigated the question.—Tri-Cities Daily.

Special Notice

We make our dining room our specialty, and claim to serve the best meal in the city of Decatur. Give us a call. Cool dining room. First class service. Price of all meals, 50 cents. Hotel Echols. Louis F. Gelbke, proprietor.

SOCIETY

Margaret Clinton Shelton, Phone 682, Albany

BRIDGE PICNIC AT TRINITY MOUNTAIN.

As usual, the last game for the season of the Married Ladies' Bridge club was played on Trinity mountain Wednesday. The club assembled at the mountain home of Mrs. Dyke Echols, where the game was played. Mrs. Dyke Echols making the highest score. During the day a picnic dinner was enjoyed.

Mrs. I. M. Eubanks was called this morning to the bedside of her sister at Fayetteville, Tenn.

Miss Ruth Hartung will leave Saturday for a week's visit at Shelbyville, after which she will attend the Sunday school conference at Avoca, Tenn.

Dr. B. E. Preult, accompanied by Mrs. Preult and their son, Brentz, are the guests of his father, John Preult, near Moulton.

Mrs. Elza McNeese and son, Julian, have returned from Memphis, where they spent the past two weeks.

Mrs. A. S. Graham, of Huntsville, is visiting Mr. and Mrs. D. C. Adams.

Mrs. Wm. Caldwell, of Birmingham, and Misses Annie and Nannie Tate Ashford, of Courtland, are the guests of Mr. and Mrs. R. G. Cortner.

Mrs. Z. Kinney has returned from Opelika, where she visited relatives.

Mr. and Mrs. J. T. Jones left this morning for Chicago, Battle Creek, Mich., motoring from there through the East.

Miss Sue Sheppard will arrive Saturday to be the guest of her brother, Robt. T. Sheppard.

Mr. and Mrs. A. Polyinsky left for Chicago this morning, from where they will motor to points north and east.

Mrs. J. Smily has taken a cottage at Trinity mountain for the heated term.

Miss Annie Ashford returned to Courtland today, after visiting Mr. and Mrs. R. G. Cortner.

Among the guests at the weekly dance at Trinity mountain pavilion last night, were Mrs. Wm. Caldwell, Misses Annie and Nannie Tate Ashford.

Kelley is Promoted; Thornhill Succeeds

D. M. Kelley, manager of the Albany offices of the Tennessee Valley Credit Association, has been promoted to the management of both the Gadsden and Anniston offices of the concern, and will leave tomorrow for Gadsden, where he will have headquarters. He will be succeeded as manager of the local offices by J. A. Thornhill.

Mr. Kelley, since coming here, has made many friends, and has done unusually efficient work in the interest of the concern he represents.

Resolutions on Death Of Mrs. C. E. Malone

Adopted by the Albany Chapter of the American Red Cross. Resolutions expressing its deep loss in the death of Mrs. Charles E. Malone were adopted by the Albany chapter of the American Red Cross.

The resolutions follow: Resolved—In the death of Clara Land Malone this community has sustained an irreparable loss, and

Further: That the benevolent, charitable and church organizations carily spare such as she, who at all times gave of her talents the best and by her counsel and effort brought about so much good to others, and

Further: The tenderest sympathy is extended from the individual members of the Red Cross to the bereaved mother, husband, children and relatives, who have the consolation in this hour of separation that she, whom we all loved and whose memory we revere, had so lived her duties to her God and in all relations in motherhood that guaranteed a safe place in the bosom of the Master, and

Further: That these resolutions be presented to the family and spread upon the minutes of the Red Cross Committee.

Mrs. W. R. Shelton.
Mrs. A. McCarthey.
Mrs. P. G. Kimbrough.
Mrs. A. A. Hardage.
Mrs. W. E. Todd.

PICNIC SUPPER.

Chaperoned by Mr. and Mrs. Floyd Taylor, the following young ladies and gentlemen motored to Sweetland school on the Huntsville pike to enjoy a picnic supper: Miss Rowe, of Pulaski; Misses Martin, Rogers, the Misses Boteler and Dever, W. Dupree, Joe Crawford, Richard Grasse, Erdy Beasley, P. Hatchett and Oakley Kenner.

Mrs. J. D. Jervis has returned from the west, where she has usually winters.

Special meeting of Maccabees Friday evening to install officers. After the installation refreshments. F. O. Croy, of Birmingham, will conduct the ceremony.

T. E. Harvey, chairman.
W. T. McKoin, secretary.

GOOD ATTENDANCE S. S. CONVENTION

TWENTY-FIVE SCHOOLS REPRESENTED AT AUSTINVILLE GATHERING.

The thirty-seventh annual convention of the Morgan County Sunday School Association met in session today at Austinville. Twenty-five schools were represented and the attendance was estimated at 150 or more. This afternoon at 4 o'clock ice cream will be served free to all the delegates.

Prof. J. I. Riddle, state adult school specialist of Montgomery, made a pleasing and instructive lecture on the subject, "How to Become a Better Teacher," at the morning session. He knows his subject and knows how to make one become a better teacher. Miss Freda Bose, secondary superintendent, was also present and was equal to the occasion with her lecture, "How to Get the Most Out of This Convention."

Tonight's services will begin at 7:30 o'clock, and promise to be very instructive.

Following is the program: 7:30—Prayer and praise service, conducted by the Sunday school superintendents present, all of whom are expected to take part—Led by Clyde Hendrix.

7:45—Recognition Service—Conducted by Miss Freda Bose.

- (a) Of attendance by districts.
- (b) Of specification graduates.
- (c) Of banner schools.
- (d) Of gold star districts.
- (e) Of front line districts.

8:00—Winning Through the Cradle Roll—By Mrs. D. F. Green.

8:20—The Soul Winning Teacher—By Prof. J. I. Riddle.

Coleman Peck, president of the Association, is presiding at the sessions, which will continue through tomorrow.

CIRCUIT COURT TO CONVENE MONDAY

Circuit court convenes Monday at the Morgan county court house, with Judge R. C. Brickell, of Huntsville, presiding the first two weeks. The first week will be equity and other non-jury cases.

Probate Judge L. P. Troup has selected the list from which the jury will be selected, but according to a ruling of Judge Brickell the names of the jurors are not to be published.

Sheriff J. A. Forman and his deputies are busy subpoenaing the jurors and the witnesses.

New Medical Marvel.

Of all the remarkable medical innovations, probably the most marvelous is a new antiseptic solution perfected after ten years' work by Dr. Wilfred Fralick of New York; Dr. Oscar Eckstein of the University of Berlin, and Dr. A. C. Allen of the University of Chicago.

It is superior to the famous Carrel-Dakin solution because, in addition to everything that preparation can do, it can be used on the brain and in the abdominal cavity and can be injected directly into the blood without danger.

The last named quality makes it of startling significance in the treatment of blood poisoning.

While to put the Carrel-Dakin solution into the veins of a patient would mean certain death, the new preparation, a chlorinated solution of permanganate of potash, can be run directly into the blood stream without disturbing anything there except the evil elements meant to be attacked.

AMUSEMENTS

Valeska Suratt in "Jealousy" at the Delite and Star Friday.

The schemes and plots of a woman without heart are portrayed in William Fox's newest photoplay, "Jealousy," in which Valeska Suratt plays the leading role. It is the story of a discontented woman, who tried to find happiness by forcing men to love her; but she is crushed and helpless in the end.

Anne Baxter (Miss Suratt) marries Peter Martin (Walter Law) against her will. Later she finds that he

man she had loved, Roland Carney (Curtis Benton) is living happily with his own wife, Agnes (Charline Mayfield), and Anne decides to break up the peace and quiet of their home.

She tries first to make Roland suspicious of his wife, but her efforts in this direction meet with failure. Her direct attack on Roland's own heart meets with more success. She gives him a tip on the stock market, and he follows it. But Peter has learned what his wife is doing and he oustishes her and Carney at the same time, by ruining Carney.

In the end, Martin goes to Anne and tells her that he has known her tactics from the beginning. He leaves the house, as Anne falls senseless to the floor.

Take This Great System Purifier

FOR YOUR STOMACH, LIVER AND KIDNEY TROUBLES

This wonderful preparation, Vin Hepatica, is Nature's own remedy for stomach, liver and kidney troubles, and we want you to try it.

It is made from Nature's own medicinal roots, herbs, barks and berries, whose healing and curative properties have been known to the medical profession for centuries yet never combined into one great medicine until recently, when modern medical scientists discovered the art of combining them in the correct proportion and gave to the sick and suffering of the world the universal prescription known as Vin Hepatica—the Universal System Purifier.

Vin Hepatica is prepared in one of the finest medical laboratories in the United States, with all the care of a physician's special prescription. The name of every ingredient is on the package.

Vin Hepatica is truly a wonderful medicine and we heartily recommend it for indigestion, constipation, sluggish liver, kidney trouble, sleeplessness, nervousness and other ailments resulting from troubles of the stomach, liver and kidneys. You may now feel all run down, have that tired out feeling; your liver may be sluggish, you may not have a good appetite.

Things may sour on your stomach as soon as you eat. You may not be able to sleep well at night. If so, come and get a bottle of Vin Hepatica and try it.
